1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 30 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Shibano.

Re claim 30, Shibano discloses a pressurized vessel (4) and a single phase cleaning medium (3), where the cleaning medium is maintained in a single phase (liquid) in the cleaning vessel.

3. Claims 31, 32 and 34 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

4. Claim 33 is allowed.

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. In Palmer Jr., Murthy et al., Jackson, Lerette et al., Palen, Mielnik et al., Eckhardt et al., note the pressurizing means.
